

At MRS, LLC. we strive to provide a clear, concise, and flexible financial solution while radically improving the revenue cycle performance for our clients and their patients.

Message from the President: Robin Ingalls-Fitzgerald

"We've set out to transform the revenue cycle process and fill the cracks for the benefit of all parties. We can be your one stop shop and our clearinghouse files claims directly with commercial and government payers. Our welcome process will make the transition easy and our open communication will ensure timely claims processing and a seamless revenue stream."

Client Focused

Since our inception, we have looked beyond the routine and continuously found ways to achieve maximum return for our clients. We have a clear understanding and approach to aid in the development of revenue cycle policies and procedures. We aim to add to that knowledge base with continuing education and communication with our clients. Through education and communication, compliance is achieved and ultimately, revenue increases.
